

# Family Christian Academy

---

*Where Christ is King*

Dear Parents,

On behalf of Family Christian Academy, I would like to welcome you to the 2020-2021 school year. The administration and staff have been hard at work all summer to ensure that the return to school is as safe, seamless, and stress-free as possible.

I believe the 2019-2020 school year was a successful one. Before the end of face-to-face classes last year, the Family Christian Academy had seen great success in athletics and academics. Our sports teams had an excellent year up until the middle of March. At Southeastern District Literary Rally, of the ten students who attended, eight would have gone on to attend state rally at LSU. We had a record-breaking six students place first in the subject in which they tested. Because the government shut down schools in March, our students were unable to attend the events which would typically occur during the last nine weeks. While we had excellent participation during distance learning - nearly 90% - it is no substitute for the face-to-face learning environment that our classrooms provide nor the social stimulation that classmates promote.

To that end, we have published our reopening plan on the school website. We are confident that this plan will allow our students to return to in-person classes safely and continue their education. Our teachers are ready to begin the year where students left off and to ensure that any deficits are filled. While this school year may come with a bit of apprehension for students, parents, teachers, and staff alike, FCA is ready to adapt to any change in circumstances, and we excited to be able to resume face-to-face classes next week and return our students to a sense of normalcy. Thank you for trusting Family Christian Academy with the education and safety of your son or daughter.

Sincerely,  
Christopher Granier, Ph.D.  
Principal, Family Christian Academy
